Re: Response to Notice for Public Comments on West Van Buren Area WQARF Site

Dear Ms. Taber,

In response to the notice for public comments, we support the goal of expeditiously mitigating groundwater contamination. As such, we want to acknowledge the remedial efforts of the Roosevelt Irrigation District to date to address the groundwater contamination within the WVBA WQARF Site. We ask that Department of Environmental Quality continue to pursue remedial actions at the WVBA WQARF Site that will address the groundwater contamination and meet all applicable cleanup and treatment standards pursuant to state law and applicable at other Arizona cleanup sites.

Sincerely,

Jackie A. Meck, Mayor
City of Buckeye

JM/cc
